<p>Report on the status of all uncompleted rulemaking described on previous calendars:</p> <p>An internal departmental workgroup (E-data team) has been assessing the data needs for electronic reporting. The workgroup consulted with the Water Resources Control Board and California Environmental Protection Agency regarding regulations already in place for electronic submittal of information.</p> <p>On February 1, 2010, a secure “ESI Pilot” portal to EnviroStor was implemented to accept electronic submittals from volunteer users. Modifications to the electronic processes were made during the ESI Pilot. December 2010, the ESI portal was opened to all parties that are responsible for submitting compliance reports and data to DTSC. The ESI portal is now accepting electronic submittals on a voluntary basis.</p>
